Cohen,D., Chumakov,I. and Blumenfeld,M.
Biallelic markers for use in constructing a high density
disequilibrium map of the human genome
Patent: US 637751-A 8777, 25-MAR-2003;
Location/Qualifiers
                                                                                                                                                                                                            0,
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            0;
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  Picoult-Newburg, L. and Pohl, M.
Genotyping reagents, kits and methods of use thereof
